Update

Mv address

Dear Family,

*Peace be upon who follow the guidance.*

I hope you will receive this letter and everybody in good health, especially the new comer.

Andy, would you please contact Wamble and stress to her the important of the religious CDs and ask her to try her best to expedite the process in GETMO. Do you know that she is leaving her position to work for an Admiral. Also I have not received the article about me and the phone call in the paper.

Sheryl, the name of the software to ease the transfer of the family video is called "AllPeers" it is free from [www.Allpeers.com](http://www.Allpeers.com). Please send the link to Hafyth and tell him this is a hint from me that I want to see my kids again. Please tell him to include my mother, brothers and (sisters' voice). Also please whenever you receive a video tell me about it and how long is it, to compare it to the one I receive.
